

Frequently Asked Questions

What is an online virtual public involvement (VPI) meeting?

VPI meetings are web-based sessions (online meetings) that allow agencies to engage the public more effectively by supplementing face-to-face information sharing with technology. Innovative VPI techniques will provide the Arkansas Department of Transportation with a platform to inform the public and receive feedback.

If I do not want to submit my comments online, how can I submit my comments in writing?

To download a copy of the comment form, you may visit the Submit a Comment page of this Virtual Location Public Hearing Website. You can mail completed comment forms to Garver, Attn: Lindi Miller, 4701 Northshore Drive, North Little Rock, AR 72118 by December 4, 2020 at 4:30 pm.

Who do I contact with any questions I may have?

For more information, please contact us by email at PublicInvolvement@Garverusa.com or contact Lindi Miller, Garver Communications Specialist, by phone at (501) 823-0758.

How long do I have to submit my comments?

The comment period closes on Friday, December 4, 2020 at 4:30 p.m.

What is an interactive map?

An interactive map is easy to use. Interactive mapping involves using maps that allow zooming in and out, panning around, and identifying specific features. The project interactive map will allow exploration of the project area, the ability to find a particular location by address or panning around, the ability to zoom in and out, and the option to change the type of base map you are viewing.

How do I access the Right of Way procedures for acquisition manual?

You can access the Right of Way procedures for acquisition manual on the Project Documents Page of this Virtual Location Public Hearing Website.
